The Newton Chamber of Commerce

FRED C. BOND
President

RUPERT C. THOMPSON
Secretary

Newton, the Garden City, covers an area of 18 square miles, has a population of 70,000, high civic standards, one of the best school systems in the country, and because of its close proximity to Boston, has unusual advantages as a place of residence.

The Newton Chamber of Commerce is an organized, co-operative agency to advance the civic, industrial, mercantile, and development interests of all the Newtons.

There are three types of Membership—Civic—Business—Sustaining.

This organization is only made possible through the wholehearted co-operation and support of the people of all the Newtons. Every Citizen should be a member.

Join Your Chamber of Commerce.

It renders constant, practical and effective service and welcomes inquiries at its offices conveniently located at

INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1940 edition of the Newton City Directory.

Confidence in the growth of Newton's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Newton to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Newton Directory will fulfill its mission as a source of authentic information pertaining to the city.

Population

The population of Newton in 1935, when the State Census was taken was 66,144.

Five Major Departments

The five major departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, pages 13 to 31 on white paper, presents lists of city, county, state and federal officials; post office, public school and fraternal organization Directories; statistical review; historical sketch; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 33 to 621, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Newton, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE, beginning opposite page 622 and separately paged from 1 to 58, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Newton. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Newton, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 623 to 680, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 689 to 874. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. A valuable feature of this section is the designation of tenant-owned homes. A new feature is the designation of homes and places of business having telephones as given to our enumerators.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Newton.

The Newton Directory Library

Through the courtesy of the publishers of the Newton City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for limited free reference by the general public. This is one of more than 475 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.
Publishers.

City Directory Statistical Review

Suggested and Planned by American Community Advertising Association

Adopted by Association of North American Directory Publishers

NEWTON, MASSACHUSETTS

"The Garden City"

Form of Government: Mayor and Board of Aldermen; each of the seven wards represented by three members: one alderman elected by the ward, and two aldermen-at-large elected from the ward on a general ticket; election held biennially on the Tuesday next following the first Monday in November of the odd numbered years.

Fire department employs one hundred and eight men with following motor equipment; nine autos, ten motor engines, two hook and ladder trucks, one lighting plant, one aerial truck, in ten station houses. Police department has 134 men with eighteen pieces of motor equipment.

NEWTON

Interesting Facts Regarding the City

It is interesting to note just what Newton stands for to residents in other parts of the country. With its beautiful long avenues, its long lanes leading into beautiful wide parks, its streams and hills, its lovely gardens and artistic residences, it stands for prosperity and success. It signifies elegance and beauty, rather than fashion and display.

Although the march of time has brought changes to Newton in every part, though much of its barren land has been transformed into house lots and streets, though many of its old farm houses have been turned into modern dwellings, still Newton maintains an abundance of its natural beauty which has given it the name of the Garden City—wide-spread recognition as a city of beauty—a city of homes.

The Charles River winds its course along the northern and western boundaries for more than sixteen miles, adding utilized water power at its upper and lower falls and much beauty to the scenery for miles around. Newton has that same New England atmosphere which characterizes so many other Massachusetts cities, with its stable type of people whose interests are centered in their homes and the finer things of life. Each and every part of Newton typifies the modern "home city," a source of admiration to all visitors and of pride to its citizens.

A Few Historical Facts

As early as 1631 Newton was settled and fortified, less than a year after the foundation of Boston. In those days, Newton consisted of a large tract of land with a dwelling here and there—a modest settlement, but the foundation, nevertheless, upon which rests the beautiful progressive city of today. King's hand-book of Newton states "the domain northward of the Charles was acquired from the Indian queen, the squaw-sachem, Nanepashemet's daughter, one of her perquisites being a new coat each winter as long as she lived."

Newton was incorporated a town in 1688, being called New Cambridge until 1692; and having outgrown town government by 1873, was chartered a city in that year.

During the war with the Indians the men of Newton left their homes and families and fought with the rest of the settlers. There is a stone in Nonantum, known as the Eliot memorial, which bears this inscription: "Here at Nonantum, October 28, 1646, in Waban's Wigwam near this spot, John Eliot began to preach the gospel to the Indians. Here he founded the first Christian community of Indians within the English colonies."

During the period of the Revolutionary War, the men of Newton rose with the other men of Massachusetts and shared the hardships that the crude army led by the great George Washington endured. And so, history repeats itself down through the ages. There are many beautiful monuments and ancient landmarks, silent tributes to the men who so nobly answered the call to arms, from the early days when the settlers fought with the Indians, to the World War.

Population

The best estimates of the present population of Newton indicates that it is over the seventy thousand mark today. This shows a tremendous increase within the past decade. The steady stream of people who come to Newton yearly to make their homes here are of the thrifty, desirable sort—good citizens who soon blend into the social and civic life and share the pride of their neighbors in their adopted city.

Administration

The administration of Newton's city government is in the hands of safe and conservative executives, honest public-spirited citizens who have the best interests of the people at heart and in their minds. This is manifested by the high standards of administration which this city has always experienced.

Newton has a police force of 134 men, giving it protection at all hours of the day and night. Within recent years, all new modern fire apparatus has been installed. The fire

department with 108 permanent men is always ready at hand to meet every emergency.

Educational Opportunities

One factor which has always given Newton a high standing in the estimation of those looking for a good "home city" is its superb system of schools. Since the early days of 1699, when the first little schoolhouse was built and John Staples became teacher, holding his scholastic sessions four days in each week for a stipend of two shillings a day, the school system of Newton has grown nobly.

Since those early days, Newton has developed tremendously along educational lines. Now there are high grade modern buildings—schools of the highest type for this purpose, with proper exits and due caution against fires and other emergencies. There are also new modern high schools, and the number of pupils that enter the high schools has increased appreciably within the last decade. There also are several very fine private schools. The Lasell Junior College, with its beautiful spacious grounds, established 1851, has long been famous. This young ladies' academy has admitted young women from all parts of the United States.

Among other well-known private schools within the city are Fessenden, and Country Day Schools. The higher institutions of learning are represented by Boston College, in the Chestnut Hill section of the city, and the Andover Newton Theological School (1825) at Newton Centre.

Newton also has a splendid playground system which has developed tremendously within the last decade. There are now many beautiful spots which have been turned into playgrounds for the young. These playgrounds are in charge of very efficient young men and women and the children are taught all sorts of healthful games, while other educational opportunities and interests are encouraged and promoted.

The Public Library

Another important factor which cannot be disassociated from the school room is the Newton Free Library. This was organized in September, 1869, and received the property of its sponsors, the Newton Library Association. In 1875 the stockholders of the association transferred the entire estate to the City of Newton. The location of the building is on Centre street, the ancient main thoroughfare of the town. The Newton Library contains 191,841 volumes and is continually adding to the collection. There are valuable reference books of all periods, as well as works of old and new fiction. There are also many beautiful and rare prints. There are now branch libraries in ten sections of the Newtons, the most recent one being that established in Newtonville.

Church and Social Activities

Church influence is strong in Newton, many social and welfare activities also centering in the church organizations, of which there are forty-seven in the city. The first church was organized in 1633.

There are over one hundred forty clubs and fraternal organizations in the city, a federation of Women's Clubs, Kiwanis and Rotary, and the Newton Chamber of Commerce.

Growth

History shows that the different parts of Newton have made rapid strides in development. In 1860 Nonantum Hill had only the Ricker family on its massive western shoulder. The greater part of it consisted of scrub oak, a lonely and desolate tract of land. Early in 1800 Newton Lower Falls was a tranquil little village with but ten resident families. In 1872 the village had risen to 940. A little later the village of Newton Highlands was not much more than a crossroads settlement in a region of farms. Nearby were shops of the blacksmith and wheelwright. But today Newton is a great modern city teeming with activities, ever growing, ever expanding. Beautiful modern structures are constantly being erected. Among the later ones the Angier Memorial School at Waban, the Oak Hill School at Newton Centre, the Franklin School at West Newton, the Eliot Lincoln School at Newton, the West Newton Memorial Library and the Newtonville Branch Library, add much to the appearance of these sections. There are also the Christian Science Church and the Junior High School in Newtonville

and Boston College in the Chestnut Hill section.

Business Activities and Opportunities

Although Newton is widely known as a residential city, it has various manufacturing activities. At Lower Falls is located one of the first paper mills established in the country. In Newton there are also machine shops, and factories engaged in the manufacture of fire alarm supplies, silk, worsted, rubber, paper boxes, curtains, railway signals, cordage, radio tubes, knit goods, &c.

There are numerous retail stores and specialty shops, pharmacies, modern sanitary markets and food shops, and up-to-date clothing stores well managed and well stocked, a complete range of merchandise at prices as low as any in the large centers.

Information regarding manufacturing opportunities, business facilities and residential advantages will be supplied on request by the Newton Chamber of Commerce, 634 Commonwealth avenue.

LIBRARY DEPARTMENT

Newton Free Library

414 Centre, Newton

Org 1869. Inc 1871. Transferred to City of Newton 1876. President of the Board of Trustees, Mrs Virginia M Hutchinson. Treas, Thomas Weston. Sec, Julius Lucht. Trustees, Thos Weston, Jas P Gallagher, Virginia M Hutchinson, Vincent P Roberts, Guy M Winslow. Appointed by Mayor and confirmed by Board of Aldermen.

Committee on Books, The President, ex-officio, Thos Weston, Jas P Gallagher. Committee on Buildings, The President ex-officio, Vincent P Roberts, Guy M Winslow. Librarian Julius Lucht. Assts, Ruth E Buchan, Alice E Dickinson, Mildred N Frost, Marion K Gustin, Odessa Haugh, Margaret G Hooper, Helen P Lane, Marion H Lane, Fanny M McGee, Emily Piser, Helen L Saunders, Anne F Sheehan, Theresa Strong, M Gertrude Sweeney, Sarah S Wood. Boys' & Girls' Library: Florence B Sloan in charge; Assts, Marie McLaughlin, Mareda Miller

The Library was incorporated in 1871, and was built, furnished and maintained for five years through the liberal contributions of citizens, a fund of over \$65,000, of which the late J Wiley Edmands contributed \$17,000, being formed for the purpose. In March 1876, the entire property of the Library was given to the City of Newton on condition of its maintenance forever as a Free Library. During the year 1912 a large stack room was added by the City, and soon after the various Library departments were re-arranged in the older part of the building. In 1928 an additional floor of stacks was added, and additional office space was arranged for.

In 1926 the citizens of West Newton presented to the City a new branch library building and grounds, valued at over \$62,000, and in January 1928 the citizens of Newton Centre and Auburndale gave new buildings and land, valued at about \$63,000 and \$52,000 respectively. In 1930, the citizens of Waban presented to the City a new branch building valued with grounds at \$75,000. Three branches are housed in public school buildings, one in rented quarters, and one in a remodelled engine house. In 1934, the residence of the late John C Chaffin, 124 Vernon st, acquired by the city in 1930, was remodelled for "The Boys' and Girls' Library".

The former quarters of that department in the main building now house the Art Department. A new branch library, Oak Hill Branch was opened Oct 4, 1937 in the new Oak Hill School on Meadowbrook Street.

On January 1, 1939 the Library contained 191,841 volumes, to which additions are constantly made. The Circulation for 1938 was 885,373.

For 1939 the annual appropriation by the City was \$87,930.00, for the Library with its ten branches. In addition there was received from Trust funds in 1938, as follows:

Jewett (Art)	\$468.87
Mary Shannon	175.76
J C Chaffin	158.66
Horace S Cousins	150.00
Alden Speare	53.15
Elizabeth Speare	28.00
Oliver Fisher	25.00
Sarah L Graves	12.50

\$1071.94

From the Duplicate Pay Collection (Howes Fund)	\$2351.31
Special gifts for Story Hours \$	80.00

\$3503.25

There is no income at present from the Farlow and the Read bequests.

In addition to books and periodicals there is in the Newton Free Library a large collection of mounted photographs of art and industrial pictures; also over seven thousand stereopticon slides of geographical and industrial subjects, and many stereographs. These are loaned to all desiring to make use of the material.

The library has also a large duplicate collection, the volumes of which are loaned for two cents a day, which is operated under the Howes fund

Main Library opens from 8 am to 9 pm. Sundays 2.30 to 5.30 pm, from November 1 to March 31. Closed on all holidays. The hours at Branches vary. Call Newton North 0031.

Trust Funds, January 1, 1939

Kenrick Fund, \$4,000 income for needy and worthy poor of Newton

Read Fund, \$40,000, income to be expended as follows:

Annual picnic or sleigh ride for children of the village of Newton Corner not to exceed \$400; for free lectures on scientific subjects for the village of Newton Corner not to exceed \$800; for books for Newton Free Library at Newton Corner, not to exceed \$600; balance of income to poor widows in any part of Newton. For trustees of this fund see page 14

Eliot Memorial Fund, \$326.87

Income to be used in whole or in part to stimulate in the pupils of the public schools of Newton the study of American history, especially the early history of Massachusetts and the beginning of New England, by the offer of a prize or prizes annually for essays written by the pupils of the public schools in Newton for the current year in which such prizes are offered, and upon such subjects as may be appointed. For trustees of this fund see page 14

John C. Chaffin Educational Fund

The income of said fund shall be paid out by the City Treasurer as directed by said Trustees in expenditure for the benefit of graduates of the Newton High School or of any school of a similar standard that may be established in said Newton, who have a thirst for knowledge and are anxious to obtain the benefits of an education at a college or the Massachusetts Institute of Technology, but are financially unable to do so.

The Horace Cousens Industrial Fund, Jan. 1, 1939, \$744,116.88

The income of said fund shall be loaned out by the City Treasurer by application approved by the board of Aldermen to residents of Newton enabling them to own their own homes at a rate of interest 25 per cent less than the current bank charges.

The Elizabeth Spear Fund, \$340

The income to be used to provide Christmast Cheer for the inmates of the City Farm.

... DEPARTMENTS OF SERVICE ...

General Banking

Accounts subject to check cordially invited and assured good service in every detail.

Interest allowed on Time Deposits subject to regulations of Federal Reserve Board.

Long-Term Mortgage Loans under Federal Housing Administration handled promptly and efficiently; also "FHA" Home Renovation Loans.

Savings Department

Savings accounts are welcome. Massachusetts law now limits such accounts to \$10,000.00. Interest starts on deposits fifth day of each month and is free from Massachusetts Income Taxes.

Safe Deposit Vaults

At Newton, Newtonville, Newton Centre, Newton Highlands, Waban and West Newton are modern in construction, burglar-proof and fire-proof. They are all electrically protected and of such a general character as have never been successfully burglarized or destroyed by fire. Private boxes for rent in these Vaults at substantially less than in many other Vaults.

Trust Department

The Newton Trust Company is authorized by the Commonwealth of Massachusetts to act as Executor and Trustee under Wills, Administrator of Estates, Trustee under Living (or Voluntary) Instruments of Trust. To learn of this important service is to appreciate its value. Our officers will be glad to arrange conferences by appointment.

95 RIVERVIEW AVENUE**WALTHAM, MASS.****FACTS!!****ABOUT CITY DIRECTORY CIRCULATION**

The true value of advertising circulation is circulation consulted —
"User Circulation."

To be exact by actual survey in twenty-four average American cities, by actual count, each city Directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand Directories sold there is an average of three and one-half daily consultations for each book for three hundred and five days, therefore —

$$1000 \times 3\frac{1}{2} \times 305 = \mathbf{1,067,500}$$

Consultations or "User Circulation"

**The City Directory offers the most Specific Point of Contact
Advertising Known**

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

NEWTON SECRETARIAL SCHOOL

"We Meet the Individual Need"

This school offers to young men and women in the shortest time possible, at a minimum cost, expert instruction in Shorthand, Typewriting, Bookkeeping, Secretarial Practice, Business English, Business Ethics. Day and Evening Divisions. Summer Session. Small classes. Private tutoring. Special individual courses arranged for college graduates. Excellent guidance program — vocational aptitude tests and frequent interviews with the Director. The School, through sympathetic understanding and wise counseling, seeks to assist the individual to find himself and endeavors to train him to fill successfully his particular place in the social and economic world.

Why the City Directory First?

It saves time. The ads are classified. Your customers find you instantly. It's the logical place for them to go because it's an index to the city

Beat Them To It—Advertise in the

NEW CITY DIRECTORY

Thousands upon thousands will consult it for a whole year. The price of space is so small, compared with the valuable publicity, you get, that you can't afford to be left out.

POLK'S NEWTON

Directory of Householders, Occupants
of Office Buildings and Other
Business Places

INCLUDING

A Complete Street and Avenue Guide

1940

Copyright, 1939, by R. L. Polk & Co.

Giving the location of Streets, Avenues, Places, Parks &c, showing what other streets and places run from or across them, and with a list of Householders and Places of Business arranged in Numerical Order upon their respective Streets.

The **Streets** are arranged in alphabetical order with the location of **Intersecting Streets** clearly shown.

The symbol, © following the name of a householder indicates that the house is owned by the person listed, or by some member of the family.

This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

Places of Business are indicated by bold face street numbers and business being given.

* Denotes houses incorrectly numbered.

The Δ preceding names denotes householders and places of business having telephones.

FRED E. PERKINS CO.

PLUMBING AND HEATING

374 Centre St. NEWTON North 4243 Newton

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
